ELBA, ALABAMA

THURSDAY, MAY 11, 1978

# Elba Utility Board Approves Water Extension Project

The Elba Water and Electric Board has approved preliminary plans for extensions of their existing water distribution system to serve the following areas: U.S. 84 east to the New Brockton police jurisdiction, Al.87 approximately 2 miles souch of U.S. 84, the old Samson Road area, Mt. Pleasant Church Rd. approximately 1 mile south of old Samson Rd. area, the Brundidge Hwy. area to Wise Mill Church, and the Troy Hwy area to

The proposed Elba water extensions would serve approximately 235 potential customers or approximately 823 persons in the rural areas surrounding Elba with an estimated project cost of \$467,000. Water would be supplied by Elba's existing water system Storage would be a 75,000 gallon elevated storage tank located on U.S. 84 east of Al. 87. The water system will be constructed using financial assistance from the Farmers Home Administration in the form of a loan and grant, and would also need the approval of the Alabama Development Office and the Alabama Health Department.

A preliminary membership canvas in the proposed areas has been made and approximately 212 potential customers have expressed their desire for the proposed water

The reality of the proposed system is only possible if 90% of the residents residing in these areas sign up to be connected to this water system. It is anticipated that deposits of \$20 should be made on or before July 1, Upon completion of the project there would be a minimum water bill of \$7.50 per month. For those customers having greater water demands the fees would range upward according to the water consumption

Plans are to apply for a Farmers Home Administration grant of \$187,900 and a low interest loan of \$275,700 to complete this ojected \$467,900 project The system is designed to furnish household water to the residents of the area; how-

Faulk, left, with chairman Charles Hayes

ever, fire hydrants will be placed in strategic locations to offer fire protection and assist in occasionally flushing the water

Mr. Lamar Faulk, of the engineering firm working on the project, has estimated that funding for the project will be approved in October of this year, bids will be let in January or February, and some of the system should be in use by the summer of 1979. As indicated on the accompanying map

the water lines will extend out the Troy Highway to Pea Creek. Present plans are to join at this point with the newly formed Stinson Water Works and sell water to this system. This system plans to serve the Stinson Community (Bowers Store) and Lee Community. A water storage tank will be installed in the Lee Community and water pumped from Elba. This will eliminate the drilling and maintenance of a water well in the community

The Elba Water and Electric Board has given initial approval to both extending the Elba water system and to selling water to the area north of Elba.

Plans presented by the engineers show that the extensions will be self-supporting

The dirt road northeast of already underway to fix it, continued, "But we will have Elba washed out due to a st- "Other roads were in worse crews working on them as

stopped up, and that plans were have a bunch more," Hornsby

Last week we expressed concern over the proposed big increase in our tags. About the time the paper was published, Governor Wallace made a statement assuring the public that he was issuing a directive to prevent the big jump in tax on cars. This is one small bit of news we can be proud of hearing.

The City of Elba is to start paying about \$700 a month for use of the county landfill. This brought an idea from city officials that Elba open a landfill of its own, "because it is cheaper." Well, if it is cheaper, then by all means do it, but . first be sure you know what you are talking about. The county commission has some first-hand information in operating a landfill, and also has copies of all the regulations that must be followed. A deal can be worked out with a private individual for a lesser amount of money and any figuring of "saving" can't truthfully include a labor saving, because the department works until the job is finished and no longer, regardless of the hours involved. Look close,

gentlemen, but be honest in all areas.

Tree cutting by city crews is almost always a topic of discussion and surely when the cutting is on private property. The everincreasing cost of government, and intense competition of making a living, has combined to make the public highly critical of government doing anything not exactly according to the book, and this means not cutting any trees on private property unless they are endangering public property (light lines in Elba). It seems awful hard to keep an employee with a chain saw from cutting anything a property owner wants cut and from cutting it up just right for the pulpwood hauling friend. Then our telephone starts ringing, we start checking the city employees, and the homeowner involved starts calling us names. Be that as it may, by Sunday we had an unusual visit. A homeowner stopped by to forewarn us that he had asked Water and Electric crews to cut some dving pines that were right in the power lines. He further assured us he was going to haul them off himself, even though the offer of cutting them just the right size for the pulpwood truck was made. This hauling them himself may be a little unfair to one homeowner, but we admire the determination of a private citizen to sweep around his own front door.

The 'unit system' of road maintenance under which Coffee County has tried (to varying degrees) to operate under for several years, has some restrictions. Certain equipment must stay in the respective district for work on the dirt roads - it says so in the law. Until recently some of this wasn't being done; however, at the instructions of the commissioners, this part of the law will be carried out a little "more better."

Anyone who visited the Arts and Crafts show in New Brockton last weekend surely wasn't disappointed. One picture there probably caught the attention of all us fishermen and will cause trouble for the artist's parents. Gail White, daughter of "the Bait Shop Farmers," has painted a large oil painting of her parents' very favorite fishing hole near their trailer in Walton County, Florida. If you have ever heard the Farmers tell how they then see this picture and find out it is in Williams Lake, you are home free to what is reportedly one of the best fishing holes in the whole world! Move over, Farmer, here we come!

There were almost 9,000 names on the list of purged names printed last week in this

indicates the voters who are still in Coffee County are dropping by and getting themselves back on the voters list. We urge those who haven't done so to get by and be sure their name is replaced on the voter's

PAGE 2

Federal Judge Frank Johnson upset some folks at Alabama State University last week when he ruled that the predominantly black school was guilty of mistreating some white instructors. The things said by the upset blacks was so familiar to most of us who have heard whites preach the same sermon when the same judge ruled against the "separate but equal" schools of the South a decade ago. With that background, we understand their emotions, but must remind them that none of us can have our cake and eat it, too . . . either we follow the rules of equality or we don't; courts have ruled time drift up to a certain log at a particular angle-- and time again this is not a matter of "if you want to do so."

The heavy rains of the past week have stopped all farming work and a lot of traveling down the washed-out roads. A check with some Coffee County Commissioners Tuesday night indicated the county crews will be out in force as soon as the roads dry out newspaper. A check with the Probate Office enough for their work to do any good.

LINDA BOYCE

schools in Elba.

Dear Ferrin: May I express an Opinion? The people of Coffee County are very fortunate to have the Forestry Service, with Rangers like Mr. Roberts and Mr. Devaughn. Recently a woods fire was reported near my property. In a very short time Mr. Roberts and Mr Devaughn were there. In their well organized and efficient manner the fire was under control before a large area of forest and possibly several chicken houses and a dwelling were destroyed. Thanks again, Dixie L. Deal

Entertained

To help climax a night filled with excitement and memories, Mr. & Mrs. Tom Brown, Mr. & Mrs. Durl Dean, Mr. & Mrs. Charles Farris, Mr. & Mrs. Glen Reeder and Mr. & Mrs. Silas Shepard entertained the Seniors of Zion Chapel with a breakfast. The event followed mmediately after the Junior-Senior Prom and was given at Reeder. The menu consisted of cheese straws, small pizzas, cake decorated in school colors of red and white with the glass notto inscribed on it and cokes and coffee. The serving table held an arrangement o imitated rolled diplomas. Each enior was given an imitated rolled diploma containing thoughts and best wishes from the hosts and hostesses. After a night of dancing, the nourishment was enjoyed by

# Open Leffer from

Last Thursday, I announced my candidacy to be your next Congressman.

During the months ahead, leading up to the primary election on September 5, and the general election on November 7, I will be in your neighborhoods to exchange ideas and thoughts on how we can work together to bring about a change for good government in Washington.

I've walked all over our District in the past six years and served a number of our counties in the legislature. I'm confident my record is one that you can support. I've fought for property tax relief, quality education, lower utility rates, consumer protection,

and a reduction in state spending and bureaucracy. I spent six years in Washington, first on the staff of Congressman Tom Bevill, then as Chief Aide to Senator Jim Allen. That experience can be very important to our District.

Please call or write me at my home in Luverne with your thoughts and concerns during the campaign. Rosalind and I believe that the direction of this country can be changed with your support. My pledge to you is to render honorable and dedicated service so long as you permit me to be

Seventh-Graders roll along in the popular " Wheel Barrel" race.

4-H projects in Coffee County. Junior leaders hold local 4-H club meetings provide excellent examples of character, leadership and sportsmanship. Pictured above are Tony Johns, Jeff Hatcher and Stephanie Johns all junior leaders of Elba. They served as judges for the 4-H Rally held recently.

Mr. Billy Rayborn's 6th grade home room at the Elba Middle School is pictured above with their trophy for winning first in the 6th grade division. Mr. Rayborn is holding the trophy in front of him. This is the second year in a row Mr. Rayborn's class has taken the trophy for the 6th grade. These 4-H'ers exhibited skills in all areas of the field meet.

Three hundred eighty 4-H'ers from the Elba Middle School and the Elba Jr. High School attended the 4-H Rally held recently in the Elba High School Football Stadium. These 4-H'ers participated in organized field events and competed for ribbons and trophies which were presented at the end of the day. Four-H'ers participated in a potato relay, 100 yard relay, standing broad jump, softball throw, etc.

The purpose of the Rally is to give these 4-H'ers an opportunity to use some of the skills they develop in their physical education classes to compete for awards. Fair play and good sportsmanship were certainly exemplified by all 4-H'ers attending the Rally. Four-H'ers from the Elba School system that had received

any county awards during the year were recognized and pre-

sented awards by their 4-H Volunteer Leaders. Those 4-H receiving awards at the Rally were: Millie Pierce 3rd place Elementary Essay Contest; Lulu Powell 3rd place Poster Art Contest, Morgan Boyd 1st place Boys Apron Revue; Jim Mitchell 2nd place Boys Apron Revue; Kip Russell 3rd place Boys Apron Revue; Sherrie Deupree 1st place Girls Apron Revue, Beth Johnston 3rd place Jr, Fashion Show, Stacy Hornsby 1st place Cookie Contest, Lulu Powell 3rd place Cookie Contest Jr. Public Speaking Agriculture Division and Stacy Hornsby 3rd place Jr. Public Speaking Home Economics Division. Those 4-H'ers receiving trophies for the Best Club Record in their 4-H Club were: Sandi McCollough, Eric Towles, Tiffany Harper, Kip Russell, Lulu Powell, Peggy Whitman, Gina Donaldson,

Sherry Miller and Joseph Boyd Joseph Boyd a 4-H'er in Mr. Crowe's home room in the 7th Grade was presented the highest honor for a boy in Coffee County. He placed first in the Junior Boys Record Book Contest and was presented a \$25 Savings Bond for his record

Sherry Kelley, Jennifer Farris, Cara English, Kim Whitman,

Taking top honors in the field meet were: 5th grade Mrs. Mamve Patton's homeroom, 6th grade Mr. Billy Rayborn's homeroom and 7th Grade Mr. Dale Crowe's homeroom. Senior 4-H junior leaders assisted with the field events by serving as judges for each meet. Tony Johns, Stephanie Johns, Anita Mobley, Candy Berry, Nancy Wise, Jeff Hatcher, Sophia Johns, and Angela Bartley served as judges. These

4-H'ers are members of the Coffee County Honorary Frat-

After a long, tiring day 4-H'ers returned to their schools and boarded buses to go home. Not all were winners but everyone enjoyed the day and learned a little bit more about character. leadership and sportsmanship. This 4-H Rally has become an annual event and is sponsored by the Coffee County Extension

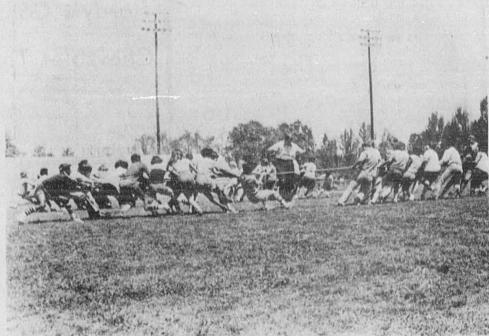

Relay races are another popular event at the Rally.

Joseph Boyd (bottom right) received the most covetted award for a junior boy at the recently held 4-H Rally in Elba. He received a \$25 Savings Bond for having the best record book in the junior boys division. Also pictured above with Joseph are all 4-H'ers who received awards at the 4-H Rally. These trophies were presented by the volunteer leaders working in the

JOIN 4-H

County Agent Arthur Mann judges as classes compete in " Tug-of-War" competition.

Mr. Dale Crowe's 7th grade home room took top honors in the seventh grade divison at the Rally. Pictured above is his homeroom class showing off their trophy.

The fifth grade Rally award went to Mrs. Mamye Patton's home room. Mrs. Patton's 4-H Club accumulated the highest number of points of any fifth grade club.

SUNDAY

Baptist Church "These things have I and in His love, and being the

Joy may be fulfilled, JOHN dying world. tion, "How can I be a happy Christian?", our Lord's answer is very simple: "These things have I spoken to you, to abide more simply and more that My joy may be in you, fully in His love.

and that your joy may be fulfilled." You cannot have my joy without my life. Abide in me, and let me abide in you, and My Joy will be in you. All healthy life is a thing of joy and beauty; abide in Him and you will have that joy. Too many Christians are thinking of a life wholly abiding in Christ as one of strain and pain. They cannot see that the strain and pain only come as long as we do not yield ourselves to the life of Christ that's in us. Let's look into what Christ is trying to tell us: "That My Joy may be in you." -- We are to have Christ's own joy in us. And what is Christ's own joy?, There's no joy like love. There is no joy but love. Christ had just spoken of the Father's love and His own abiding in it, and then the joy of passing on that love and pouring it out on sinners. It is this joy He wants us to share: the joy of being loved by the Father. The joy in us is the joy of loving and living for those around us.

ing in His love, and the Father's love. AND THAT YOUR JOY MAY BE FULFILLED -- That it may be complete, that you may be filled with it. How sad that we should be reminded that God alone is the fountain of all joy, the only way to be perfectly happy is to have as much of God, as much of His will and fellowship as possible! Religion is meant to be in speakable joy. And why do so many complain that it is not so? Because they do not believe that there is no joy like the joy of abiding in Christ Elba High School.

Airman First Class Mickey W. Johnson, son of Claud E Johnson of Rt. 1, Goshen, Ala., is representing his wing in the 1978 Strategic Air Command (SAC) missile combat competition at Vandenberg AFB, Cal., April 28-May 4. Airman Johnson is a missile facilities specialist at Grand

Forks AFB, N.D., with the 321st Strategic Missile Wing. While at Vandenberg, unit personnel are vying for the title of the "best of the best" in their respective fields. There, they are matching their skills and knowledge against specially selected crews from SAC's nine Minuteman and Titan wings. SAC's 11th missile competition, termed "Olympic Arena '78," is designed to recognize the proficiency and readiness of the U. S. Intercontinental Ballistic Missile force, as well as promote the exchange of professional information and refine, whenever possible, present pro-

cedures and techniques. The airman is a 1975 graduate of Goshen High School, His mother, Mrs. Lamar Killingsworth, resides on Rt. 2, Elba,
